About

div class="content-container"

This site serves as a starting point on your Minecraft journey! It is highly recommended you supplement your learning with the extra links below. The links will get you started on the basics of Minecraft and are therefore older videos.

NOTE: Some of these links are NOT officially affiliated with Mojang or Microsoft, proceed at your own risk!

About

div class="content-container"

Below are screenshots of what your earliest moments in Minecraft will be when you are starting out in a brand new world! Use the images below as reference for what actions you should be doing on your first night!

p

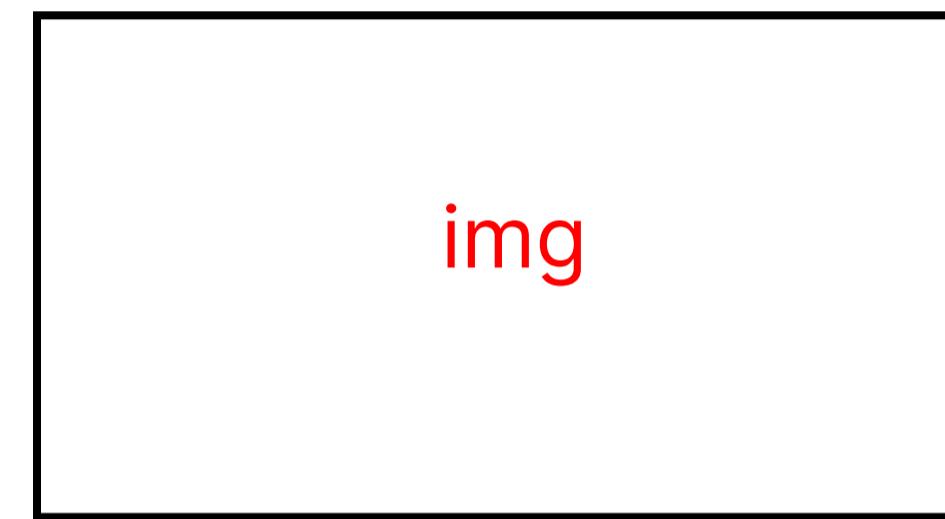

figure

Punching trees is how you will always begin! Wood is an important resource

figcaption

figure

Nothing can be crafted without a crafting table!

figcaption

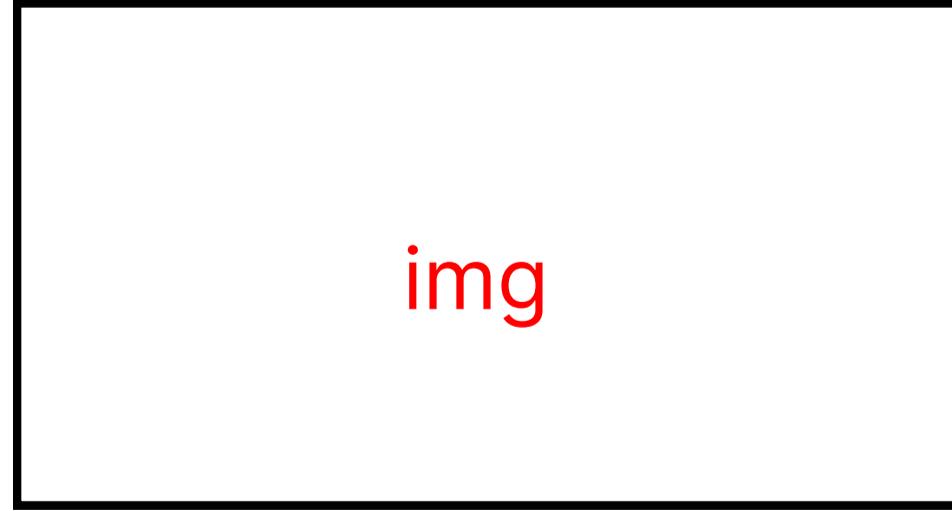

figure

A wooden pickaxe is important for mining stone

figcaption

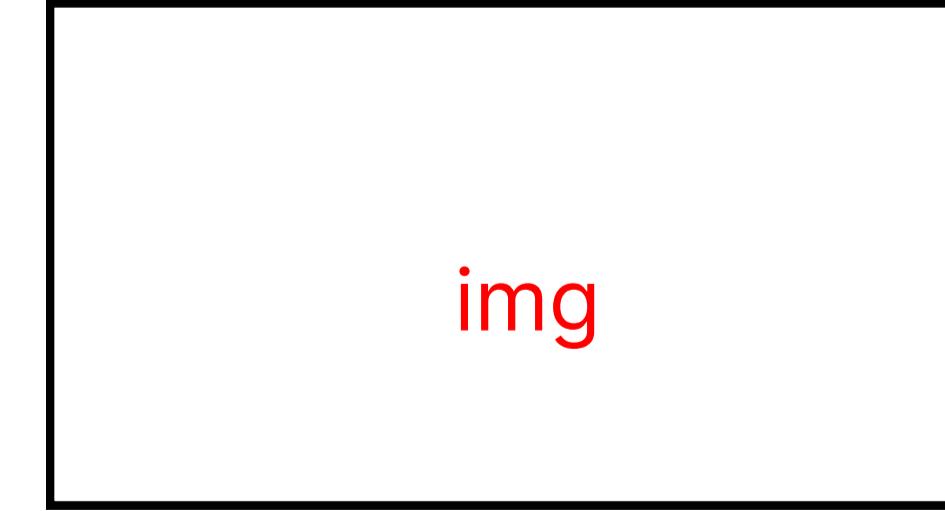

figure

Stone tools are the next tier of tools you should be aiming to get after wood tools

figcaption

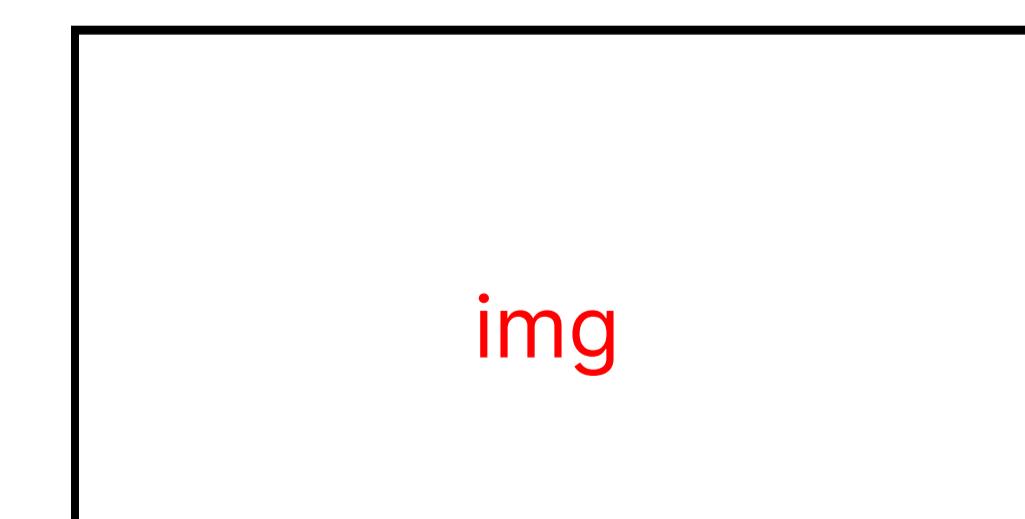

figure

Food is important! Try to find animals as soon as possible!

figcaption

figure

A bed is an essential item for you to survive your first night! Keep an eye out for sheep

About

div class="content-container"

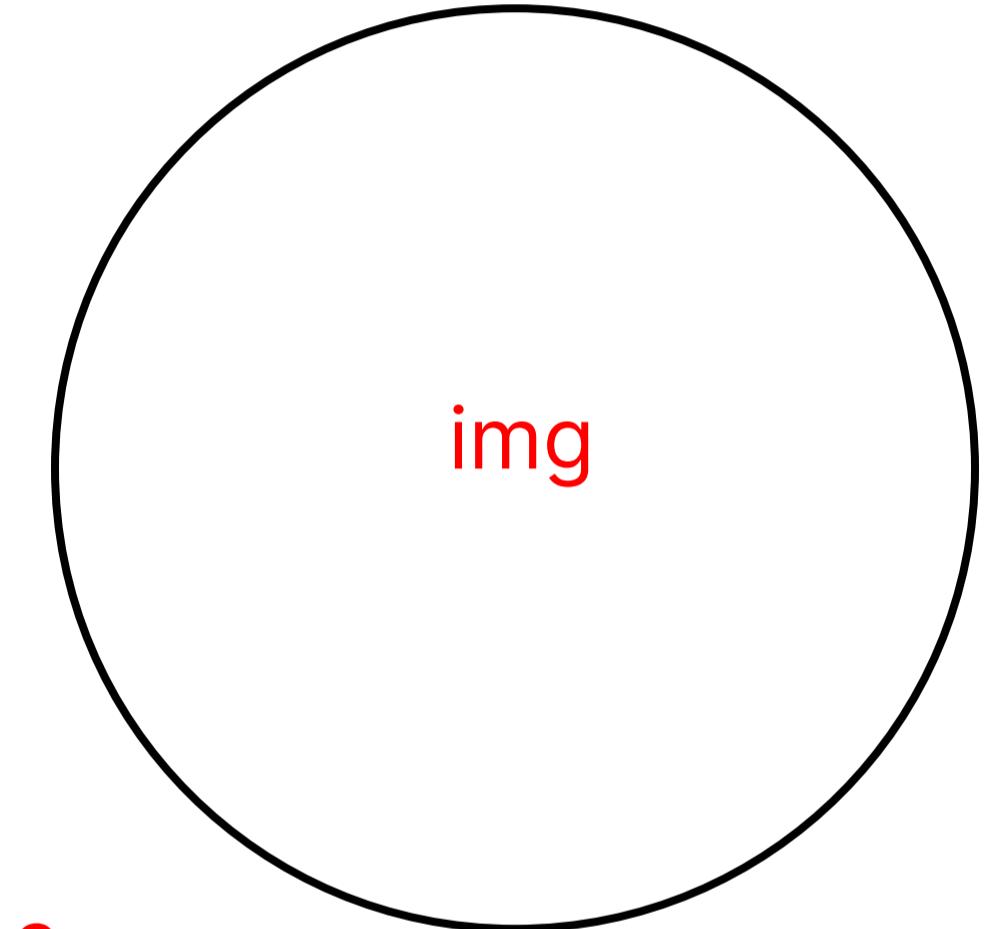

Thank you very much for visiting the all-in-one Minecraft quick start guide! I hope you enjoyed the site and have learned something new about surviving your first night in Minecraft!

This website is a capstone project commemorating my IMPROVEMENT in front-end basics (HTML & CSS) after completing FIVE modules of a fullstack coding bootcamp!

If you are interested in any of my other web-projects or would like to see me improve as I document my progression through capstone projects, I would encourage you to visit my Github profile!

I hope to see you on my next project!
